

**Half Yearly Compliance Report
2025
01 Jun(01 Oct - 31 Mar)**

Acknowledgement

Proposal Name	Drilling of Development wells (40 Nos.) and Exploratory wells (5 Wells) in the Kharsang Oil Field at District - Changlang, Arunachal Pradesh by M/s. GeoEnpro Petroleum Ltd.		
Name of Entity / Corporate Office	GEOENPRO PETROLEUM LIMITED		
Village(s)	17 Mile M.V. Road (Sher) (17 Mile Villag		
District	CHANGLANG		
Proposal No.	IA/AR/IND2/489413/2024	Category	Industrial Projects - 2
Plot / Survey / Khasra No.	N/A	Sub-District	Jairampur ADC
State	ARUNACHAL PRADESH	Entity's PAN	*****2420L
MoEF File No.	J-11011/389/2006-IA.II(I)	Entity name as per PAN	GEOENPRO PETROLEUM LIMITED

Compliance Reporting Details

Reporting Year 2025
Remarks (if any)
Reporting Period 01 Jun(01 Oct - 31 Mar)

Details of Production and Project Area

Name of Entity / Corporate Office GEOENPRO PETROLEUM LIMITED

	Project Area as per EC Granted	Actual Project Area in Possession
Private	0	0
Revenue Land	0	0
Forest	83.412	83.412
Others	0	0
Total	83.412	83.412

Production Capacity

Sr. no	Product Name	units	Valid Upto	Capacity	Production last year	Capacity as per CTO
1	oil	Kilo liters per Day (KLD)	04/03/2027	300	54	300

Conditions

Specific Conditions

Sr.No.	Condition Type	Condition Details
1	Statutory compliance	The company shall comply with all the environmental protection measures and safeguards proposed in the documents submitted to the Ministry.
PPs Submission: Complied Complied. All the environmental protection measures and safeguards proposed in the documents are implemented.		Date: 11/07/2025
2	Risk Mitigation and Disaster Management	All the recommendations made in the EIA/EMP in respect of environmental management, and risk mitigation measures relating to the project shall be implemented.
PPs Submission: Complied Complied. All the recommendations made in the EIA/EMP in respect of environmental management, and risk mitigation measures relating to the project are implemented.		Date: 11/07/2025
3	MISCELLANEOUS	As committed no drilling activities shall be carried out within 500 m from the water bodies, schools, habitations, historical/heritage monuments recognised by Archaeological Survey of India.
PPs Submission: Complied Complied. No drilling activities are carried out within 500 m from the water bodies, schools, habitations, historical/heritage monuments recognized by Archaeological Survey of India.		Date: 11/07/2025
4	Statutory compliance	The project authorities shall obtain Stage II FC before commencement of any activity on the project site. All conditions specified in Stage I FC approval granted vide letter dated 24.04.2023 for diversion of 83.412 ha shall be followed. No pipelines or its part shall be laid in the Forest land Protected Area without prior permission approval from the Competent Authority. No flood lights shall be used for operation in in night time.
PPs Submission: Complied Stage II FC has been obtained vide letter No FOR/572/Cons/2014/2384-90 dated 23/04/2024. All conditions specified in Stage I FC are being followed.		Date: 11/07/2025
5	WATER QUALITY MONITORING AND PRESERVATION	Total fresh water requirement shall not exceed 25 m3/day per each drilling well location and will be met from Namphuk river. Prior permission shall be obtained from the concerned regulatory authority.
PPs Submission: Complied Complied. Total Fresh water consumption is not more than 25 KL/Day/well.		Date: 11/07/2025
6	WATER QUALITY MONITORING AND PRESERVATION	The project proponent will treat and reuse the treated water within the factory and no waste or treated water shall be discharged outside the premises. Size of the waste pit shall be equal to the hole volume and volume of drill cutting and volume of discarded mud if any. Two feet free board may be left to accommodate rainwater. There shall be separate storm water channel and rainwater shall not be allowed to mix with waste water. Alternatively, if possible, pit less drilling be practiced instead of above. Produced water generated shall be treated within the premises as per the Standards for Liquid Effluent of Oil Drilling and Gas Extraction Industry notified in The Environmental (Protection) Rules 1986 and shall not be discharged untreated anywhere or in any stream.

PPs Submission: Being Complied In each drilling location waste pit of appropriate size lined with HDPE liner is constructed for discharge and storage of drilling waste generated. Generated waste water is collected in HDPE lined pit. Waste water is treated in 30 KL/Day capacity mobile ETP as per SPCB/PCB/MoEF guideline. Treated water is reused. No waste or treated water is discharged outside the premises. Separate drain for storm water provided to prevent mixing of rain water and waste water.		Date: 11/07/2025
7	AIR QUALITY MONITORING AND PRESERVATION	The project proponent also to ensure trapping storing of the CO2 generated, if any, during the process and handling.
PPs Submission: Complied For trapping/storing of the CO2 tree plantation and green belt development has been carried out within the mines area.		Date: 11/07/2025
8	AIR QUALITY MONITORING AND PRESERVATION	During production, storage and handling, the fugitive emission of methane, if any, shall be monitored using Infra red camera or appropriate technology. No flaring shall be carried out during operation phase.
PPs Submission: Agreed to Comply We acknowledge the requirement regarding the monitoring of fugitive methane emissions during production, storage, and handling. Furthermore, we confirm that no flaring will be conducted during the operation phase, and all necessary measures will be taken to ensure compliance with environmental guidelines.		Date: 11/07/2025
9	AIR QUALITY MONITORING AND PRESERVATION	Approach road shall be paved to minimize generation of suspended dust.
PPs Submission: Complied Approach road are paved to minimize generation of dust.		Date: 11/07/2025
10	Noise Monitoring & Prevention	The project proponent shall make all arrangements for control of noise from drilling activity. Acoustic enclosure shall be provided for the DG sets along with the adequate stack height as per CPCB guidelines. PP shall replace the old Diesel Gen sets with new sets complying with the latest norms of DG sets notified by CPCB.
PPs Submission: Being Complied Necessary measures were undertaken to reduce noise level at drill site by providing adequate acoustic enclosures as per CPCB guidelines. Stack height of DG set are provided as per CPCB guidelines.		Date: 11/07/2025
11	PUBLIC HEARING	PP proposed to allocate Rs 5.76 crores towards extended EMP which shall be spent as submitted as per plan. Further, all the proposed activities under extended EMP shall be completed before the commissioning of the plant in consultation with District Administration. All the commitments made in Public Hearing shall be completed within the timeline as per action plan submitted.
PPs Submission: Agreed to Comply All proposed activities under extended EMP will be implemented in consultation with District Administration. All the commitments made in Public Hearing will be completed within the timeline as per action plan submitted.		Date: 11/07/2025
12	WASTE MANAGEMENT	The company shall construct the garland drain to prevent runoff of any oil containing waste into the nearby water bodies. Separate drainage system shall be created for oil contaminated and non-oil

		contaminated.
PPs Submission: Being Complied Garland drain provided to prevent runoff of any oil containing waste into the nearby water bodies.		Date: 11/07/2025
13	WASTE MANAGEMENT	Drill cuttings separated from drilling fluid shall be adequately washed and disposed in HDPE lined pit. Waste mud shall be tested for hazardous contaminants and disposed according to HWMH Rules, 2016. No effluent/drilling mud shall be discharged/disposed off into nearby surface water bodies. The company shall comply with the guidelines for disposal of solid waste, drill cutting and drilling fluids for onshore drilling operation notified vide GSR.546(E) dated 30th August, 2005. Industry shall obtain membership of TSDF site before obtaining CTO and shall dispose the hazardous waste generated at drill site to TSDF approved by GPCB.
PPs Submission: Being Complied Drill cuttings separated from drilling fluid is adequately washed and disposed in HDPE lined pit. Solid waste, drill cutting and drilling fluids are disposed in accordance to the guidelines for disposal of solid waste, drill cutting and drilling fluids for onshore drilling operation notified vide GSR.546(E) dated 30th August, 2005. Authorization has been obtained from ASPCB for storing, handling and transportation of hazardous waste.		Date: 11/07/2025
14	WASTE MANAGEMENT	Oil spillage prevention and mitigation scheme shall be prepared. In case of oil spillage/ contamination, action plan shall be prepared to clean the site by adopting proven technology. The recyclable waste (oily sludge) and spent oil shall be disposed of to the authorized recyclers.
PPs Submission: Being Complied Oil spillage contingency plan is in place. The recyclable waste (oily sludge) and spent oil are disposed of to authorized recyclers.		Date: 11/07/2025
15	AIR QUALITY MONITORING AND PRESERVATION	Gas produced during testing shall be flared with appropriate flaring device as prescribed by the CPCB. The flare shall be designed as per good oil field practices and OISD guidelines. The stack height shall be provided as per the regulatory requirements and emission from the stacks will meet MOEFCC/CPCB guidelines.
PPs Submission: Agreed to Comply The gas produced during testing will be flared using an appropriate flaring device as prescribed by CPCB. The flare system will be designed following good oil field practices and OISD guidelines. Stack height are maintained as per regulatory requirements, and emissions from the stacks will comply with MoEF and CC/CPCB standards.		Date: 11/07/2025
16	AIR QUALITY MONITORING AND PRESERVATION	The project proponent shall take necessary measures to prevent fire hazards, containing oil spill and soil remediation as needed. At fixed installations or plants use of ground flare shall be explored. At the place of ground flaring, the overhead flaring stack with knockout drums shall be installed to minimize gaseous emissions during operation.
PPs Submission: Agreed to Comply Measures are taken to prevent fire hazards, manage oil spills, and carry out soil remediation as required. Use of ground flare will be evaluated, and overhead flaring stacks with knockout drums will be installed to minimize gaseous emissions.		Date: 11/07/2025
17	Risk Mitigation and Disaster Management	Blow Out Preventer system shall be installed to prevent well blowouts during drilling operations.

PPs Submission: Complied Complied as per OISD STD-174.		Date: 11/07/2025
18	Human Health Environment	The project proponent shall develop a contingency plan for H2S release including all necessary aspects from evacuation to resumption of normal operations. The worker shall be provided with personal H2S detectors in locations of high risk of exposure along with self-contain breathing apparatus.
PPs Submission: Being Complied There is no H2S in Kharsang Oilfield. However, fixed H2S detector was installed at strategic location on rig during drilling operations. Portable handheld H2S detector and Self Contain Breathing Apparatus are made available.		Date: 11/07/2025
19	Risk Mitigation and Disaster Management	On completion of the project, necessary measures shall be taken for safe plugging of wells with secured enclosures to restore the drilling site to the original condition. The same shall be confirmed by the concerned regulatory authority from environmental safety angle. In case of hydrocarbon not found economically viable, a full abandonment plan shall be implemented for the drilling site in accordance with the applicable DGH/Indian Petroleum Regulations.
PPs Submission: Agreed to Comply All producing wells are secured with Christmas tree. All drilling site will be restore to the original condition.		Date: 11/07/2025
20	Risk Mitigation and Disaster Management	No lead acid batteries shall be utilized in the project/site.
PPs Submission: Agreed to Comply Agreed to comply		Date: 11/07/2025
21	Human Health Environment	Occupational health surveillance of the workers shall be carried out as per the prevailing Acts and Rules. All worker and employees shall be provided with required safety kits/mask for personal protection.
PPs Submission: Complied Complied as per the prevailing Acts and Rules.		Date: 11/07/2025
22	WASTE MANAGEMENT	Oil content in the drill cuttings shall be monitored and report and shall sent to the Ministry Regional Office.
PPs Submission: Complied Complied. Oil content in the drill cuttings is being monitored.		Date: 11/07/2025
23	MISCELLANEOUS	The project proponent shall prepare operating manual in respect of all activities, which would cover all safety and environment related issues and measures to be taken for protection. One set of environmental manual shall be made available at the drilling site/project site. Awareness shall be created at each level of the management. All the schedules and results of environmental monitoring shall be available at the project site office. Remote monitoring of site should be done.
PPs Submission: Complied SOP covering all activities has been prepared, copy available at drilling site. Environmental monitoring report available at project site.		Date: 11/07/2025

24	Human Health Environment	PP shall sensitize and create awareness among the people working within the project area as well as its surrounding area on the ban of Single Use Plastic in order to ensure the compliance of Notification published by MoEF and CC on 12th August, 2021. A report along with photographs on the measures taken shall also be included in the six-monthly compliance report being submitted to concerned authority.
PPs Submission: Complied Awareness program has been organized at drilling site to sensitize people on ban of Single Use Plastic.		Date: 11/07/2025
25	Statutory compliance	The project proponent shall ensure the compliance of the Ministry OM dated 14th January 2025 w.r.t. streamlining the implementation of Notifications G.S.R. 702 and G.S.R. 703 dated 12th November 2024.
PPs Submission: Complied The recommended point is complied.		Date: 11/07/2025
General Conditions		
Sr.No.	Condition Type	Condition Details
1	Statutory compliance	No further expansion or modifications in the plant, other than mentioned in the EIA Notification, 2006 and its amendments, shall be carried out without prior approval of Ministry of Environment, Forest and Climate Change/SEIAA, as applicable. In case of deviations or alterations in the project proposal from those submitted to the Ministry for clearance, a fresh reference shall be made to the Ministry/SEIAA, as applicable, to assess the adequacy of conditions imposed and to add additional environmental protection measures required, if any.
PPs Submission: Agreed to Comply No expansion or modification jobs will be undertaken against the said EC order		Date: 11/07/2025
2	ENERGY PRESERVATION MEASURES	The energy source for lighting purpose shall be preferably LED based, or advance having preference in energy conservation and environment betterment.
PPs Submission: Being Complied Phased transition from sodium vapor lamps/MV lamp to LED fittings has been initiated at site as part of our energy conservation efforts. BEE star rated equipment are procured wherever feasible to minimize energy consumption and enhance operational efficiency.		Date: 11/07/2025
3	Noise Monitoring & Prevention	The overall noise levels in and around the plant area shall be kept well within the standards by providing noise control measures including acoustic hoods, silencers, enclosures etc. on all sources of noise generation. The ambient noise levels shall conform to the standards prescribed under the Environment (Protection) Act 1986 Rules, 1989 viz. 75 dBA (day time) and 70 dBA (night time).
PPs Submission: Complied Complied. Overall noise levels are kept well within the stipulated standards. Acoustic enclosures has been provided in DG Sets.		Date: 11/07/2025
4	Corporate Environmental	The company shall undertake all relevant measures for improving

	Responsibility	the socio-economic conditions of the surrounding area. CER activities shall be undertaken by involving local villages and administration and shall be implemented. The company shall undertake eco-developmental measures including community welfare measures in the project area for the overall improvement of the environment.
PPs Submission: Being Complied Complied. Company is undertaking various CSR and CER activities for overall improvement of socio-economic conditions of the surrounding area.		Date: 11/07/2025
5	MISCELLANEOUS	The company shall earmark sufficient funds towards capital cost and recurring cost per annum to implement the conditions stipulated by the Ministry of Environment, Forest and Climate Change as well as the State Government along with the implementation schedule for the conditions stipulated herein. The funds so earmarked for environmental management/pollution control measures shall not be diverted for any other purpose.
PPs Submission: Agreed to Comply Adequate funds have been allocated to comply conditions stipulated by Ministry of Environment, Forest and Climate Change.		Date: 11/07/2025
6	MISCELLANEOUS	A copy of the clearance letter shall be sent by the project proponent to concerned Panchayat, Zilla Parishad/Municipal Corporation, Urban local Body and the local NGO, if any, from whom suggestions/representations, if any, were received while processing the proposal.
PPs Submission: Complied A copy of the clearance letter submitted to concerned Panchayat, Zilla Parishad/Municipal Corporation, Urban local Body and the local NGO.		Date: 11/07/2025
7	MISCELLANEOUS	The project proponent shall also submit six monthly reports on the status of compliance of the stipulated Environmental Clearance conditions including results of monitored data (both in hard copies as well as by e-mail) to the respective Regional Office of MoEF and CC, the respective Zonal Office of CPCB and SPCB. A copy of Environmental Clearance and six monthly compliance status report shall be posted on the website of the company.
PPs Submission: Agreed to Comply Agreed for compliance		Date: 11/07/2025
8	Statutory compliance	The environmental statement for each financial year ending 31st March in Form-V as is mandated shall be submitted to the concerned State Pollution Control Board as prescribed under the Environment (Protection) Rules, 1986, as amended subsequently, shall also be put on the website of the company along with the status of compliance of environmental clearance conditions and shall also be sent to the respective Regional Offices of MoEF CC by e-mail.
PPs Submission: Agreed to Comply Agreed for compliance.		Date: 11/07/2025
9	MISCELLANEOUS	The project proponent shall inform the public that the project has been accorded environmental clearance by the Ministry and copies of the clearance letter are available with the SPCB/Committee and may also be seen at Website of the Ministry and at https://parivesh.nic.in/ .

PPs Submission: Complied Complied. Newspaper advertisement published after grant of EC on 07.03.2025. The same has also been uploaded in company website.		Date: 11/07/2025
10	MISCELLANEOUS	The project authority shall inform the Regional Office as well as the Ministry, the date of financial closure and final approval of the project by the concerned authorities and the date of start of the project.
PPs Submission: Complied Complied. Informed Regional Office as well as the Ministry vide this office letter GEPL/MoEF and CC/2025/01 dated 03/04/2025		Date: 11/07/2025
11	Statutory compliance	This Environmental clearance is granted subject to final outcome of Honble Supreme Court of India. Honble High Court, Honble NGT and any other Court of Law, if any, as may be applicable to this project.
PPs Submission: Agreed to Comply Agreed		Date: 11/07/2025
Visit Remarks		
Last Site Visit Report Date:		23/02/2024
Additional Remarks:		
<p>Note: This acknowledgement is as per the details submitted by project proponent. In no way is this document to be considered as conclusion on any action on the compliance of the project. This is strictly for the project proponent's reference purpose.</p>
